Bus Emergencies

At the start of each field trip or extracurricular trip, the school bus driver shall review with all passengers, the location and the use of the emergency exits and emergency equipment, and any district emergency procedures.

In the event of an accident or other emergency, the bus driver shall follow the emergency procedures developed by the superintendent or his/her designee. There shall be a copy of the emergency procedures in each school bus.

Each bus driver will be directed by the supervisor of transportation to conduct an emergency evacuation drill within the first six weeks of each school semester. The district shall conduct other drills as may be necessary.
