

Administrative Procedures for Board Policy #2170 Career and Technical Education

The district's plan for its Career and Technical Education program will be approved annually by the board of directors. All components of the plan will meet the Career and Technical Education (CTE) program standards as established by the Office of State Superintendent of Public Instruction (OSPI).

A. The District's (CTE) Plan:

The Centralia School District's CTE Plan describes how the district will deliver career and technical education to its students. The components of the district's CTE plan will ensure:

1. Application and contextualization of the related state academic learning standards;
2. Responsiveness to state-wide or local high-demand occupations;
3. Compliance with the five-year plan requirements of the federal Carl D. Perkins Career and Technical Education Act;
4. Sufficient equipment and facilities to meet industry standards;
5. Adequate student and teacher opportunities to connect to the business community including, but not limited to, industry job shadowing, mentorships and internships;
6. The integration and application of leadership and employability skills;
7. Instructors connect student learning with work, home and community;
8. Preparatory programs leading to a certificate or credential that is state or nationally recognized;
9. Courses are sequential, rigorous and based on an analysis of technical skill attainment;
10. Performance measures and targets established by the state are met or exceeded;
11. No discrimination on the basis of gender, race, creed, religion, color, national origin, age, honorably discharged veteran or military status, sexual orientation including gender expression or identity, marital status, the presence of any sensory, mental, or physical disability, or the use of a trained dog guide or service animal by a person with a disability in its programs and activities and provides equal access to the Boy Scouts and other designated youth groups in any aspect of its CTE Programs;
12. Reasonable modifications are made to all CTE policies, procedures and practices which are necessary to avoid discriminating against a student based on disability unless the district can demonstrate that such modifications would fundamentally alter the nature of a CTE course or program
13. Teachers are CTE certified in the areas in which they instruct; and
14. Courses are structured so that the maximum number of students per class are determined by the number of training stations, safety factors and individual instruction requirements of the specific skills being developed.

B. Performance Measures and Target – Accountability

The district will adopt performance measures and targets in at least the following areas:

1. Sufficiency of courses allowing students to earn dual credit for high school and college;

2. Rates of student participation in, and completion of, high-demand programs; and
3. Performance measures and targets established by the Workforce Training and Education Coordinating Board, including but not limited to student academic and technical skill attainment, graduation rates, post graduation employment or enrollment in post-secondary education and other measures and targets as required by the federal Carl D. Perkins Act.

C. Course Equivalencies

Each of the district's high schools will adopt core academic course equivalencies for high school CTE courses, provided that the CTE course has been reviewed and approved for equivalency credit by a district team appointed by the superintendent or a designee, in accordance with district policy 2413, *Equivalency Credit for Career and Technical Educational Courses*.

D. Career and Technical Education Programs of Study

A program of study is a sequence of courses that identifies the secondary and post-secondary content that students need to take to ensure that they will have the knowledge and skills needed for a seamless transition to post-secondary options.

The district's CTE program(s) of study will:

1. Incorporate secondary CTE academic and elective courses and local graduation requirements as well as post-secondary education elements;
2. Include coherent and rigorous academic content aligned with state learning standards and relevant career and technical content in a coordinated, nonduplicative progression of courses that are aligned with post-secondary education in a related field;
3. Include courses aligned with appropriate state academic, industry, leadership and employability standards; and
4. Lead to industry-recognized credentials, an academic certificate or degree, apprenticeship, employment or certificate at the post-secondary level.

E. Career Guidance and Counseling

Career guidance and counseling programs shall include the exploration of options and opportunities for CTE at the secondary and post-secondary level and exploration of career opportunities in emerging and high-demand programs. (See WSSDA model Policy 2140, *Guidance and Counseling*)

F. Advisory Committees

1. Advisory committees will participate in the determination of program goals, and review and evaluate program curricula, equipment and effectiveness.
2. Advisory committee participants will include representatives of business and labor who reflect the local industry and the community. Members will actively consult with other representatives of business, industry, labor and agriculture.
3. The Director of CTE in collaboration with teachers will select members of the advisory committees.
