Administrative Intern Program

5400

The responsibilities for administering the public schools have in recent years become increasingly sophisticated and complex. The areas of operation for an administrator have increased, the requirements for certification have been altered and expanded, and the involvement of the individual school and practicing administrator dictates that the Richland School District recognize its responsibility for participation in the training of educational leaders of the future. The primary responsibility of the district in the preparation of educational administrators to provide a meaningful internship experience for qualified candidates.

An application, selection, and review process will be established by the superintendent.

RSD #400

Adopted: March 12, 1990
