**NAMING OF SCHOOL DISTRICT FACILITIES
AND DEDICATING AREAS OF SCHOOL DISTRICT FACILITIES**

It is the responsibility of the School Board, solely, to select names of all school district facilities. Facilities include: classrooms, media centers, athletic fields, conference rooms, common areas, schools, portions of schools and other components which are part of a building or school district property.

Naming of school facilities will only be considered by the board to provide recognition for individuals or entities that make an exceptional contribution, financial or non-financial, to benefit the District. Facilities shall only be named for individuals or entities whose actions and reputation are consistent with furthering the mission and vision of the School District. In fulfilling this responsibility, the School Board shall respectfully consider community recommendations in the naming process.

The names of persons actively serving the Chehalis School District shall not be considered.

The School Board shall have discretionary authority to rescind or reverse a naming of a facility if it determines that action to be in the best interest of the students, district and the community.

Once the facility has been named, a brief narrative explaining the reason for naming of the facility should be exhibited in an appropriate place within the facility.

The Superintendent shall establish an equitable procedure by which the School Board can assume its responsibility for the naming or renaming of facilities.
