

REARDAN-EDWALL SCHOOL DISTRICT

BYOD Student Agreement and Device Registration

The use of technology to provide educational material is not a necessity but a privilege. A student does not have the right to use his or her laptop, cellphone or other electronic device while at school without the approval of school personnel. When abused, privileges will be taken away. When respected, they will benefit the learning environment as a whole.

Students and parents/guardians participating in “Bring Your Own Device” BYOD must adhere to the Student Code of Conduct, as well as all Board policies, particularly Internet Acceptable Use and Internet Safety. Furthermore, the student must agree to the following conditions:

- **The student takes full responsibility for his or her technology device. The school is not responsible for the security of student-owned technology.**
- The technology must be in silent mode while on school campuses and while riding school buses.
- The technology may not be used to cheat on assignments or tests, or for non-instructional purposes.
- The student accesses only files on the computer or Internet sites which are relevant to the classroom curriculum.
- The student complies with a teacher's request to shut down the device or close the screen.
- The student acknowledges that the school's network filters will be applied to one's connection to the Internet and will not attempt to bypass them.
- The student understands that infecting the school network with a Virus, Trojan, or program designed to damage, alter, destroy, or provide access to unauthorized data or information is in violation of the AUP policy and will result in disciplinary actions.
- The student realizes that processing or accessing information on school property related to “hacking”, altering, or bypassing network security policies is in violation of the AUP policy and will result in disciplinary actions.
- The school district has the right to collect and examine any device that is suspected of causing problems or was the source of an attack or virus infection.
- The student realizes that printing from personal technology devices will not be possible at school.

As a network user of Reardan-Edwall School District, I understand and will abide by the above policy and rules. I further understand that any violation is unethical and may result in the loss of my network and/or laptop privileges as well as other disciplinary action.

Wi-Fi Hardware ID

Note: unauthorized hardware IDs will not be allowed to access network resources
