

## **Student Driving**

The board regards the use of motor vehicles and bicycles for travel to and from school as an assumption of responsibility by parents and students. The superintendent shall develop procedures governing the use of bicycles and motor vehicles while on school property and shall

The District must authorize any student use of school vehicles or other large motorized equipment. An example is when the student use is part of a well designed and supervised student training program, such as tractor driving, etc. Any other student use shall be under carefully controlled circumstances which shall include at least the following:

1. Prior administrative approval;
2. Instruction of the student by a knowledge staff member on proper and safe operation of the vehicle or equipment; and
3. A high level of staff supervision during use.
