

High School Commencement Ceremony

The Reardan-Edwall School District Board of Directors believes that it is in everyone's best interest that a commencement date is set in a timely manner to facilitate ordering of graduation announcements and the like. The community of Reardan celebrates its community day, known as Mule Days, on the first weekend of June each year.

The Reardan-Edwall School District Board of Directors will make every effort to avoid having graduation on Mule Days, however it is recognized that in some years this will be unavoidable. The date of graduation will be determined when the district calendar is approved at the May or June board meeting. All 175 school days for seniors must be completed before commencement.

At the time graduation date is set, it is recognized that closure of school due to snow or inclement weather may extend the graduation date.

Adoption Date: 06.02

Revised Date:

School District: Reardan-Edwall School District No. 009
