

Mr. Jeff Cravy and School Board,

My name is Christina Sackman and I am interested in filling the open School Board position.

I have been an active member of the Skagit Valley community for about three years now. During that time I have helped out in numerous capacities, including: coaching soccer through the Conway Youth Soccer Association, teaching nutrition classes at the Washington State Extension program and volunteering in the classroom at Conway School, where I have three children who attend.

In addition to living in the community and volunteering in various capacities, I have worked at Skagit Valley Hospital for over 12 years as a Dietitian and truly enjoy helping people. I feel that I would be a great addition to the school board because, in the midst of a pandemic, I have a background in healthcare, I am a compassionate person who truly cares about kids and puts their interest above all else.

You may be thinking, how will you have time to serve if you have three kids and work? Well, when it comes to the concerns and issues of our school, how can I NOT have time TO serve? I work part time and will not take this position lightly. I welcome the opportunity to offer up my insight and opinion on current issues in the community/school and am very excited to be a part of a community of people invested in our youth.

Warmest Regards,

Christina Sackman
