Policy No. 3200  
Students

## RIGHTS AND RESPONSIBILITIES

Each year, the district will develop handbooks pertaining to student rights, conduct, and discipline, and make the handbooks available to all students, their parents, and staff. The district will develop such handbooks with the participation of parents and the community.

The school principal and certificated building staff will confer at least annually to develop and/or review student conduct standards and the uniform enforcement of those standards as related to the established student handbooks. They will seek to develop precise definitions for common problem behaviors and build consensus on what constitutes manifestation of those problem behaviors. The definitions will also address differences between major and minor manifestations of problem behaviors to identify those problem behaviors that teachers and other classroom staff can generally address and those problem behaviors that are so severe that an administrator needs to be involved. This work will also help district staff identify and address differences in the perception of subjective misbehaviors and reduce the effect of implicit bias.

They will also confer annually to establish criteria for determining when certificated employees must complete classes to improve classroom management skills.

All students who attend the district's schools will comply with the written policies, rules, and regulations of the schools, will pursue the required course of studies, and will submit to the authority of staff of the schools, subject to such discipline, including other forms of discipline as the school officials will determine.
