

## **Students On Governing Boards**

The Board of Directors realizes that the primary goal of public school is to educate students and recognizes the value of communicating with students and receiving their input and perspectives. To foster this relationship with students, the board will annually seat four high school enrolled student representatives as advisory non-voting members of the board.

Student representatives on the board are expected to attend all regularly scheduled meetings and may be invited to travel to Educational Leadership training and/or conferences throughout the school year. Some events may take place outside of the school day or hours and on weekends.

The student representatives will contribute to board discussion by;

1. Provide student insight and perspective;
2. Serve as a liaison for the associated student body through the established student government and communications networks; and
3. Report to students about the work of the board and district activities.

The Student Representatives will be bound by all applicable rules, policies and regulations pertaining to the elected Board members. The Student Representatives will participate in Board discussions, but will not have the right to make motions, vote, hold Board offices, or attend Executive Sessions.

*\*When a written procedure is developed, the superintendent will submit it to the board as an information item. Such procedures need not be approved by the board, though the board may request a revision when it appears that they are not consistent with the board's intentions as expressed in its policies. Procedures need not be reviewed by the board prior to their issuance; however, on controversial topics, the superintendent may request prior board consultation.*

### **Marysville School District #25**

Adoption Date: 03/21/2016  
Classification: Discretionary  
Responsible Department: Superintendent  
Revised Dates: 05/2021, 09/2021
