The following statutory requirements must be reported to the SBE:

District high schools meet or exceed all state minimum graduation requirements.

For the 2021-2022 school year, the survey application and format have been changed to accommodate new reporting requirements for an emergency waiver program in response to the COVID-19 pandemic, and to address the evolving need to collect information from districts to help improve the state’s K-12 educational system. Additional survey topics included questions about instructional hours, days, and school schedules; graduation requirements; state-mandated and state-recommended educational offerings and activities; mastery-based learning; and emergency waiver administration and data from last spring.

A copy of the information submitted through iGrant Form Package 600 that documents the Sumner - Bonney Lake School District’s compliance in all above areas is included with this report.
