**Lake Chelan School District
Student Nutrition Services**

Dear Parents and Guardians:

We are pleased to announce that Lake Chelan School District will be participating in the federal program Community Eligibility Provision (CEP) available to select schools as a part of the National School Lunch Program and School Breakfast Program.

What does this mean for my student(s) who attend Lake Chelan School District? In a CEP school, all students receive a nutritious breakfast and lunch at no cost, regardless of family income.

Why is Lake Chelan School District requesting financial information? You will soon receive or have received already, a Family Income Survey in the mail. The information you provide by returning the Family Income Survey impacts the funding that each school receives from the state government. The Family Income Survey is used to capture information and ensures the Lake Chelan School District receives all the funding it is entitled to for state educational programs.

Sincerely,

Rosey Burkhard

Director of Student Nutrition Services
