

**NUTRITION**

The Richland School District’s Board of Directors (the “Board”) recognizes that a healthy school environment prepares students for college, careers, and successful futures. Students who eat well-balanced meals and engage in regular exercise are more likely to learn in the classroom. The Board supports the District’s increased emphasis on nutrition, at all grade levels to enhance the well-being of the District’s students. Therefore, it is the policy of the Board to provide students with access to nutritious food as stated in this policy and accompanying procedure
