

Other Building Discipline Points to Remember:

- Depending on the situation the Building Counselor can and will issue disciplinary consequences
- If the student is sent to the office, please be sure they have a referral in hand and/or call the office to inform them as to why the student is being sent to the office.
- Please do not send multiple students to the office i.e. the student who committed the offense and the other students who witnessed the offense. The building administration will often times start with the offending student and gather witnesses as needed.
