Mrs. Martinez and Mrs. Porter

Math

I hope everyone has a safe Spring Break.. When we return I hope we are ready to finish the year strong. Therefore, make sure your students are getting plenty of rest at night.

4th grade: In March, we worked on decimals and fractions. This month we will work on exploring measurement with multiplication, and reviews skills for the state exam in May.

5th grade: In March, we have been working on adding, subtracting, multiplying and dividing fractions. In April we will begin working with volume, as well as, reviewing skills for the state assessment in May.

Reading

Welcome Back! We trust you are well rested, and ready to learn more! Here is what's up in ELA!

4th Grade—Unit 5 focus skills are recognizing problem and solution, cause and effect, point of view, and sequence. Students will be reading about how information is discovered and how problems are resolved.

5th Grade—Unit 4 focus skills are point of view, author's point of view,

6th grade: We finished the month of March up studying expressions and equations. We will begin April by studying area, surface area, and volume in geometry.
