

School Calendar

Annually, the superintendent will appoint a School Calendar Committee comprising representatives of school and district staff (including association representatives), parents, and students, and will prepare one or more possible calendars for study purposes. Calendar options will be reviewed with employee associations in accordance with collective bargaining agreements.

Annually, by March 1, the superintendent will receive from the committee calendar options for study purposes. These calendars will be reviewed with principals.

Annually, by April 1, the superintendent shall apprise the board of the status of school calendar development, in anticipation of board action on one or more calendars for the year(s) subsequent to that for which the last calendar has been adopted. The board shall be asked to adopt a calendar or calendars by June 1.
