**Figure 5: Syndromic Surveillance, Percentage of Hospital Visits for a Chief Complaint of ILI, or Discharge Diagnosis of Influenza, by CDC Week, Washington, 2017-2021**

## Dr. Butler's Conclusions

- Incidence trending back up, as anticipated after holidays
- Overall healthcare system remains busy, though with less COVID
- Zero transmission reported in area schools
- I continue to support incremental return to classroom learning

# VACCINATION Update

Phase 1a (this week)

- 24 employees

Phase 1b (Late Jan./Mid-Feb)

- All Staff
- Community Gym

# Research Follow-Up

---

Are there any schools serving all students with “in-person” instruction full time every day?

❖ MEAD

- Elementary Schools
  - Over 20% of students have chosen to be on line

❖ CHENEY

- K-2 Staggered start, 3<sup>rd</sup> grade to follow
  - Full time due to number of students electing to remain on line

❖ YAKIMA

- Hybrid Schedule (AB days)

# CONSIDERATIONS

---

## **1. Transportation**

- MS/HS schedule adjustment (A/B Hybrid)

## **2. Safety: Staff & Students**

- Further study regarding ability to social distance students
- Many of our classrooms have tables
- Status of the Virus

## **3. Parent/Staff comfort levels**

- Surveys
