

OHS Status Report

It is September, and the school year has started out with a great attitude. The halls are a bit fuller than in the past, with an increase in student enrollment. The head count is up nearly 70 students! The master schedule is working and only a few classes are in overload (over 25 students).

The high school retained most of our amazing staff this past year, with only a few changes:

<u>New Staff</u>	<u>Position</u>	<u>Replacing</u>
Amy Hessman	- New Librarian	Tiarha Agee
Brett Moser	- MS/HS PE	New addition
Aaron Carden	- Salish	Emily Abrahamson
Spencer Bennion	- Resource Room Para	Leicie Ables
Sara Knight	- Resource Room Para	Ellen Roberts

The GEAR UP program is looking to engage students after school in a gaming club that would coordinate with other schools around the county. The club started up this past week and

Gary Morrison-Nelson will be the advisor. This club will also focus on how games are created and

the coding to build on the gaming industry.

The School Improvement Plan for the high school this year is to focus on Climate and Culture. The staff will be researching different programs that my fit within the scope of our students and staff and look to role out and implement the program by second semester. The team discussion by the staff last year to was to take the time to get the buy in and do this well. One of the first steps is to change the names of the two breeze way hallways leading from the A-wing to the B-wing. One is Fist Bump Boulevard and the other is High Five Highway. We are using some of the positive touch suggestions from Charlie Applestein’s message from the first Learning Improvement Day.
