

Sexual Harassment of District Staff Prohibited

This district is committed to a positive and productive working environment free from discrimination, including sexual harassment. This commitment extends to all employees and other persons involved in academic, educational, extracurricular, athletic, and other programs or activities of the school, whether that program or activity is in a school facility, on school transportation, or at a class or school training held elsewhere.

Definitions

For purposes of this policy, sexual harassment means unwelcome conduct or communication of a sexual nature. Sexual harassment can occur student to adult, adult to adult or can be carried out by a group of students or adults and will be investigated by the District even if the alleged harasser is not a part of the school staff or student body. The district prohibits sexual harassment of district employees by other students, employees or third parties involved in school district activities.

Under federal and state law, the term “sexual harassment” includes:

- Acts of sexual violence;
- Unwelcome sexual or gender-directed conduct or communication that interferes with an individual's employment performance or creates an intimidating, hostile or offensive environment.
- Unwelcome sexual advances
- Unwelcome requests for sexual favors
- Sexual demands when submission is a stated or implied condition of obtaining a work opportunity or other benefit;
- Sexual demands where submission or rejection is a factor in a work or other school-related decision affecting an individual.

A “hostile environment” for an employee is created where the unwanted conduct is sufficiently severe or pervasive to create a work environment that a reasonable person would consider intimidating, hostile, or abusive.

Investigation and Response

If the district knows, or reasonably should know, that sexual harassment has created a hostile environment, the district will promptly investigate to determine what occurred and will take appropriate steps to resolve the situation. If an investigation reveals that sexual harassment has created a hostile environment, the district will take prompt and effective steps reasonably calculated to end the sexual harassment, eliminate the hostile environment, prevent its recurrence and, as appropriate, remedy its effects. The district will take prompt, equitable and remedial action within its authority every time a report, complaint and grievance alleging sexual harassment comes to the attention of the district, either formally or informally.

Allegations of criminal misconduct will be reported to law enforcement and suspected child abuse will be reported to law enforcement or Child Protective Services. Regardless of whether the misconduct is reported to law enforcement, school staff will promptly investigate to determine what occurred and take appropriate steps to resolve the situation to the extent that such

1 investigation does not interfere with an ongoing criminal investigation. A criminal investigation
2 does not relieve the district of its independent obligation to investigate and resolve sexual
3 harassment. Engaging in sexual harassment will result in appropriate discipline or other
4 appropriate sanctions against offending staff or other third parties involved in school district
5 activities. Anyone else who engages in sexual harassment on school property or at school
6 activities will have their access to school property and activities restricted, as appropriate.

7 **Retaliation and False Allegations**

8 Retaliation against any person who makes or is a witness in a sexual harassment complaint is
9 prohibited and will result in appropriate discipline. The district will take appropriate actions to
10 protect involved persons from retaliation.

11 It is a violation of this policy to knowingly report false allegations of sexual harassment. Persons
12 found to knowingly report or corroborate false allegations will be subject to appropriate
13 discipline.

14 **Staff Responsibilities**

15 The superintendent will develop and implement formal and informal procedures for receiving,
16 investigating and resolving complaints or reports of sexual harassment. The procedures will
17 include reasonable and prompt time lines and delineate staff responsibilities under this policy.

18 Any employee who witnesses sexual harassment or receives a report, informal complaint or
19 written complaint about sexual harassment is responsible for informing the district's Title IX or
20 Civil Rights Compliance Coordinator. All staff are also responsible for directing complainants to
21 the formal complaint process.

22 A formal complaint filed by or on behalf of a student complainant against an employee
23 respondent will be investigated under the definitions, requirements, and procedures of policy
24 3205 and procedure 3205P.

25
26 Reports of discrimination and discriminatory harassment will be referred to the district's Title
27 IX/Civil Rights Compliance Coordinator. Reports of disability discrimination or harassment will
28 be referred to the district's Section 504 Coordinator.

30 **Notice and Training**

31 The superintendent will develop procedures to provide information and education to district
32 staff, parents and volunteers regarding this policy and the recognition and prevention of sexual
33 harassment. At a minimum, sexual harassment recognition and prevention and the elements of
34 this policy will be included in staff and regular volunteer orientation. This policy and the
35 procedure, which includes the complaint process, will be posted in each district building in a
36 place available to staff, parents, volunteers and visitors. Information about the policy and
37 procedure will be easily understood and conspicuously posted throughout each school building,
38 provided to each employee and reproduced in each staff, volunteer and parent handbook. Such
39 notices will identify the District's Title IX coordinator and provide contact information,
40 including the coordinator's email address.

41 **Policy Review**

42 The superintendent will make an annual report to the board reviewing the use and efficacy of this
43 policy and related procedures. Recommendations for changes to this policy, if applicable, will be

1 included in the report. The superintendent is encouraged to involve staff, volunteers and parents
2 in the review process.
