# "The Fabulous Four"

**Rodger Fristad** has been driving buses for the LCSD for 30 years. He and his wife Deanna attended the School of Gilead in NYC and served as missionaries in Guatemala for 4 years. In retirement he plans to continue using his certification as a WA State Court Interpreter for Spanish. Rodger has enjoyed learning from the variety of personalities and backgrounds of the kids. He knew he had been driving a long time when one of his first preschool students started sending their kids on the bus!! The view along the South Shore and Navarre Coulee

has to be one of the most beautiful bus routes in the country. Along the way he has seen cougars, bobcats, bears, and has been glad to have avoided the many skunks.

**Words of Wisdom:** *Pick your battles and choose safety first. Look inward to confirm your own moral values, then look upward to measure them.*

**Danny Collins** has been working with the district for 7 years as a bus driver. Danny is great bus driver who gets along with everyone. He has been a very dependable employee. He will be missed by his coworkers and his students on his bus. Thank you Danny!

**Lynne Glasspool** has been teaching in LCSD for 28 years. She received her undergraduate degree from Westfield State, MA and masters degree from Univ. of CA, Santa Barbara.. She has been involved with Odyssey of the Mind where her team came in 2nd place. A highlight of her career is seeing her students graduate, especially the ones that she has worked with since preschool .

**Words of Wisdom:** *Always be willing to change and evolve.*

**Nancy Bauer** has been with the district for 25 years teaching at MOE. She is a college graduate from Spokane Falls Community College in Photography and CWU in Elementary Education.

Nancy loves being outdoors and doing anything creative. She is up for building or making pretty much anything.

A highlight of her career is watching students gain the

American Dream. She remembers a 6th grader coming straight from Mexico with no English. Not only did he succeed, but his kids are now the top of their classes. She LOVES seeing education do what it is SUPPOSED to do: increase quality of life!

**Words of Wisdom:** *Focus on what the KIDS need and stick to it, no matter what.*

*We wish the following people well as they take on new opportunities!*

*Gloria Groves*

*CMS/CHS Library Media Specialist*
