

Senior Presentation Readiness

Name: _____

Before you are allowed to present for your senior presentation, it is required that you have 2 formal practices. This is to ensure that you will do your very best on presentation night. It is HIGHLY encouraged that you practice more than this to polish your presentation. For these formal practices, you are allowed to practice with any Quincy High School employee and have them sign off on this form. A formal practice MUST BE 7 minutes in duration for it to count and get a signature. You will get a chance to complete one formal practice in front of your parent/guardian and your advisory teacher during Spring Conferences.
